UNRESTRICTED RELEASE OF BUILDINGS 343 AND 344; NAVAL STATION TREASURE ISLAND (NSTI), SAN FRANCISCO, CALIFORNIA

Dear Mr. Sullivan:

The Department of Toxic Substances Control (DTSC) has received and completed its review of the *Final Status Survey Report for Building 343; Naval Station Treasure Island, Treasure Island, California*, dated October 31, 2008 as well as the *Final Status Survey Report for Building 344; Naval Station Treasure Island, Treasure Island, California*, dated October 31, 2008. Based on our review, we conclude that Buildings 343 and 344 at Naval Station Treasure Island are acceptable for unrestricted release. Enclosed please also find a memorandum from the California Department of Health recommending unrestricted release of Buildings 343 and 344 with respect to radiological issues.

Please contact me at (510) 540-3775 or rmiya@dtsc.ca.gov if you have any questions.

Sincerely,

Ryan Miya, Ph.D.
Senior Hazardous Substances Scientist
Brownfields and Environmental Restoration Program

SUBJECT: **Recommendation for Unrestricted Release of Building 343 and Building 344**

Upon the request of the Department of Toxic Substance Control (DTSC), the California Department of Public Health (CDPH) reviewed documents associated with radiological issues regarding Building 343 and Building 344. CDPH has concluded that, with respect to radiological issues, this building is acceptable for unrestricted release.

If you need further assistance please contact Tracy Jue of my staff at (916) 324-4804.
